

*Commitment...*

*Until one is committed, there is hesitancy, the chance to draw back, always ineffectiveness.*

*Concerning all acts of initiative and creation, there is one fact, one elementary truth, the ignorance of which kills countless ideas and splendid plans...*

*That the moment one definitely commits oneself then providence moves too!*

*All sorts of things to help one that would never otherwise have occurred manifest themselves.*

*A whole stream of events issue from the decision, raising in ones favour all manner of unforeseen incidents and meetings and material assistances that no man could ever have dreamed would have come his way.*
